

Session Program

6th European PEFC & Electrolyser Forum 2017

Special Events

4–7 July 2017

Session Overview		Page	Convention Foyer	Page
Auditorium				
A01	P1: Opening Session The bridge to the Hydrogen Economy	14		
A02	Automotive OEM Status	15	B02 Non-precious metal catalysts	15
A03	Auditorium Foyer	Poster Session I covering All Oral Session Topics		30–35
A04	Bridge to Product: Stack, system & manufacturing	16	B04 Pt-Catalysts and supports	16
A05	Durability, testing and degradation mitigation	17	B05 H ₂ from Electrolysers: Concepts & costs	17
A06	P2: Keynote: Green Power for Green Hydrogen	19		19
A07	Analysis & evaluation of system components	19	B07 H ₂ Storage: Concepts & systems	19
A08	Membranes & MEAs	20	B08 Modelling & Diagnostics of Pt-Catalysis	20
A09	Auditorium Foyer	Poster Session II covering All Oral Session Topics		30–35
A10	Characterisation of materials & degradation	21	B10 Electrolyser cell & stack performance	21
A11	Transport phenomena limitation	22	B11 Fuel processing, purification & compression	22
A12	Durability, testing & optimisation for operation	24	B12 Electrochemical CO ₂ -Reduction: Overview & potentials	24
A13	Diagnostics and Simulations	25	B13 Industrial achievements & inventions	25
A14	Bridge to Products: From material to cells & stacks	26	B14 Electrolysers & FCs - Implementation & Expectations	26
A15	P3: Closing Ceremony with Keynote by the Gold Medal of Honour Winner 2017	27	B15	

Legend: Px = Plenary;

One-Day Workshop

Club Room

Tuesday 4 July 2017

Monitoring, Diagnostics & Control for Fuel Cells

Separate Announcement
www.EFCF.com/MDC

Parallel Symposium

Club Room

Thursday 6 July 2017

European Grid Service Markets:

Business with New Technologies like Electrolysers

Separate Announcement
www.EFCF.com/GSM

Special Sessions/Workshop:

Club Rooms

Page

C12	PEC Water Splitting - Microbial & Direct Formic Acid FC	28
C13	Similarities & Differences: FC – Redox Flow Batteries (RFB) I	29
C14	Similarities & Differences: FC – Redox Flow Batteries (RFB) II	29
